PARKING INSTRUCTIONS

1. We are located in the **Northwest Medical Center** off Howell Mill Rd and Northside Pkwy.
2. As you enter the driveway from Howell Mill Road you will go through the security gate and then the office building will be on your right while the parking garage will be on your left.
3. There is only 1 parking garage for the entire building and both the East and West Wings of the building are serviced from this garage; also, there is only 1 point of entry into the parking garage.
4. Once in the parking garage the parking spaces closest to Howell Mill Road will be best suited for entering the East Wing of the building while the parking spaces closest to the highway (I-75) are more optimal/closer to the West Wing.
5. **We recommend that most of our patients park on either levels C, D, or E of the parking garage**.
6. Once you exit your car you will note there are 2 sets of staircases in the garage: one, in the middle of the garage, and another that is closest to the building/exterior of the garage. If you will kindly use the stairwell that is closest to the building (the outer stairwell) that is on your left-hand side as you face the building, you can enter the building directly from this area. (It is not necessary to exit the garage by returning to the ground floor).
7. **Our office is in suite 240 on the 2nd floor of the West Wing**
   (Note: the 2nd and 3rd floors connect so it is possible to walk from the East Wing to the West Wing; if you enter on the East Wing just keep walking down the hall and you will arrive at our office on the West Wing side).
8. For those **patients who may have mobility limitations**: please park at the top of the parking garage on **level G** and use the ramp on the West side to enter the building and access the elevators which are just down the hall on your left. **Our office is in suite 240 on the 2nd floor of the West Wing** and will be visible to your right as you step off of the elevator.

We look forward to seeing you soon.
